TCOM/CFRS 661–Digital Media Forensics  
Department of Electrical and Computer Engineering  
George Mason University  
Spring 2016

Syllabus  (revised 2016-January 14)

Administrative Information
Instructor: Juan C. Diaz  
Email: jdiaz17@gmu.edu  subject=GMU-TCOM/CFRS 661-Sec001_Your name
Phone: 516-395-2133
Office hours: By appointment
Teaching Assistant: N/A
Classes: Monday, ENG 4457 (Engineering Building, Room 4457), 7:20 pm – 10:00 pm

Course Description

TCOM/CFRS 661 - Digital Media Forensics (3:3:0)  
Prerequisites: TCOM 548 and TCOM 556 or TCOM 562; a working knowledge of computer operating systems (e.g. CS 471 or equivalent) or permission from instructor. This course deals with the collection, preservation, and analysis of digital media such that the evidence can be successfully presented in a court of law (both civil and criminal). The relevant federal laws will be examined as well as private sector applications. The seizure, preservation, and analysis of digital media will be examined in this course.

Textbooks

- Additional required supplies for this course will be discussed the first week of class.

Grading

Raw scores may be adjusted to calculate final grades. Grades will be assessed on the following components:

- Homework (4@10% each)  40%
- Mid-term exam  20%
- Final exam  20%
- Class participation  20%

These components are outlined in the following sections.
**Homework**

Provide a weekly one slide PowerPoint presentation on an article relative to course content. The article should not come from advertisement or blogs. Additionally, four projects (Homework) will be assigned during the semester (see schedule).

**Mid-term exams**

The mid-term exam will be taken in class and will cover material discussed in Weeks 1-8.

**Final exam**

The final exam will be taken in class and will cover material discussed 10-16.

*This schedule is subject to revision before and throughout the course.*

Call 703–993–1000 for recorded information on campus closings (e.g. due to weather).
**Important Dates**

**Attendance Policy**

Students are expected to attend each class, whether on-line or in person, to complete any required preparatory work (including assigned reading) and to participate actively in lectures, discussions and exercises. As members of the academic community, all students are expected to contribute regardless of their proficiency with the subject matter.

Students are expected to make prior arrangements with Instructor if they know in advance that they will miss any class and to consult with the Instructor if they miss any class without prior notice.

Departmental policy requires students to take exams at the scheduled time and place, unless there are truly compelling circumstances supported by appropriate documentation. Except in such circumstances, failure to attend a scheduled exam may result in a grade of zero (0) for that exam.

**Communications**

Communication on issues relating to the individual student should be conducted using email or telephone. Email is the preferred method – for urgent messages, you should also attempt to contact the Instructor via telephone. Email messages from the Instructor to all class members will be sent to students' GMU email addresses – if you use another email account as your primary address, you should forward your GMU email to that account.

Lecture slides are complements to the lecture process, not substitutes for it - access to lecture slides will be provided as a courtesy to students provided acceptable attendance is maintained.

**Honor Code**

Students are required to be familiar and comply with the requirements of the [GMU Honor Code](http://ulife.gmu.edu/honor_code.php).

The Honor Code will be strictly enforced in this course.

All assessable work is to be completed by the individual student.

Students must **NOT** collaborate on the exams.
In order to be able to fully exchange information and insure complete candor in discussions, the policy of non-attribution will be STRICTLY enforced.

**Disability Accommodations:**

*If you have a documented learning disability or other condition that may affect academic performance you should: 1) make sure this documentation is on file with Office of Disability Services (SUB I, Rm. 4205; 993-2474; http://ods.gmu.edu) to determine the accommodations you need; and 2) talk with me to discuss your accommodation needs.*

If you are a student with a disability and you need academic accommodations, please see me and contact the Office of Disability Services (ODS) at 993-2474, http://ods.gmu.edu. All academic accommodations must be arranged through the ODS.

If you have a learning or physical difference that may affect your academic work, you will need to furnish appropriate documentation to the Office of Disability Services. If you qualify for accommodation, the ODS staff will give you a form detailing appropriate accommodations for your instructor. In addition to providing your professors with the appropriate form, please take the initiative to discuss accommodation with them at the beginning of the semester and as needed during the term. Because of the range of learning differences, faculty members need to learn from you the most effective ways to assist you. If you have contacted the Office of Disability Services and are waiting to hear from a counselor, please tell me.

**Privacy:**

Students must use their MasonLive email account to receive important University information, including messages related to this class. See [http://masonlive.gmu.edu](http://masonlive.gmu.edu) for more information.
